

## **MEMORANDUM**

Date: April 1, 2020

To: Chuck Poss, SCCA Legislative Committee Chair  
SCCA Legislative Committee

From: Todd Bloomstine, Bloomstine & Bloomstine LLC

Regarding: California COVID-19 Emergency Memo #12

---

The City of Los Angeles has adopted guidance for construction within its jurisdiction. It is, essentially, requiring exposure prevention plans for contractors and will be enforced during inspections. Failure to comply may result in a projects closure. This is different from what occurred yesterday in the Bay Area. See below for more. I expect to see additional requirements in the coming days.

**Please ensure your company has implemented an exposure prevention plan and that it is being complied with. You can find [a sample one by clicking this link](#). The construction industry will be closed down if it is merely perceived that it is not following orders designed to slow the spread of COVID-19.**

### **COVID-19 STATISTICS**

The figures listed below are current as of 9:30 am on Tuesday, March 31 according to the *Los Angeles Times*. The site can be viewed [by clicking here](#).

<b>COVID-19 CASES</b>			
<u>Entity</u>	<u>Confirmed Cases</u>	<u>Deaths</u>	<u>Population</u>
California	8,704	184	40 million
United States	188,172	3,873	350 million
World	857,487	42,107	7.7 billion

### **UPDATE ON LOCAL GOVERNMENT ACTIVITIES**

[LA City Guidance on Construction](#) — April 1, 2020. The City of Los Angeles adopted COVID-19 compliance requirements for the construction industry. It also encourages the public to report complaints for job sites that are not compliant. Authorizes the city to close projects for non-compliance.
